In a case where these policies are in conflict with each other or with the specific provisions of this document, the more restrictive policy shall apply. These policies include, but are not limited to, those concerning audit, dissemination, logging, security, and use of the system.

4. Specific ND CJIS Policies

- a. All data shall remain the property of the originating agency. Subscribing agencies are granted a single-use license only, and acquire no ownership rights in these data. Data obtained through ND CJIS must not be relied upon without verification. Subscribing agencies assume responsibility for verifying the accuracy of any data acquired through a ND CJIS transaction through independent means. Neither ND CJIS nor ND CJIS contractors will provide data verification.
- b. Access to ND CJIS is limited to FBI CJIS-authorized personnel for specific criminal justice-related purposes. Data accessed from or through ND CJIS may be disseminated only in accordance with the

policies set forth in this document, and any public dissemination requires the approval of the originating agency. ND CJIS will not provide such approval in lieu of originating agency approval.

- g. Only authorized law enforcement or criminal justice personnel may access ND CJIS. The agency will ensure that ND CJIS usage is strictly limited to the agency's own employees. Any information accessed via ND CJIS is confidential and for the official use of authorized law enforcement personnel only.
- h. Individual users must log on to ND CJIS using their own discreet username and log off when finished with the system. An agency may not allow more than one user to gain access to ND CJIS through a "common" log on.
- i. ND CJIS reserves the right to object to the agency's physical location of ND CJIS points-of-access, as well as security, qualifications and number and type of personnel who will have access to ND CJIS, and to suspend service until such matters are corrected to ND CJIS's satisfaction.
- j. The subscribing agency and ND CJIS each agrees to assume its own liability for any and all claims of any nature including all costs, expenses and attorneys' fees which may in any manner result from or arise out of this agreement.
- k. Nothing in this document is intended to give any signatory, agency, entity or organization expansion of any existing authority. In connection with activities under this document, the agency agrees to comply with all applicable federal, state, and local laws, rules, regulations and procedures.
- l. The agency agrees to the logging of ND CJIS transactions and user access, and understands that log information may be made available to originating agencies and others for authorized purposes. In support of ND CJIS's audit responsibilities, the subscribing agency agrees to provide ND CJIS, or parties designated by ND CJIS, with complete, accurate, and timely information related to ND CJIS access upon request, including information which may be considered confidential.
- m. Upon being provided sufficient notice, the agency agrees to be bound by and, upon request, execute agreements in support of any future ND CJIS policies and procedures instituted by ND CJIS.
- n. The Requesting Entity is subject to the provisions of access agreements required by agencies outside of ND CJIS and FBI CJIS. These include, but are not limited to, the North Dakota Department of Transportation, the North Dakota Supreme Court, and the North Dakota State Radio Communications. These access agreements must be executed separate from this agreement.

5. Specific North Dakota Criminal History Record Information (CHRI) Policies

- a. The Requesting Entity has requested on-line electronic access to the North Dakota Criminal History Record Information (CHRI) maintained by the Bureau of Criminal Investigation (BCI), North Dakota Attorney General's Office. The parties agree that access to the CHRI database is provided for the

official use of the Requesting Entity only. Database criminal history record information, whether in oral or written form, may not be provided by the Requesting Entity to any other entity or person, including the record subject, courts, or other law enforcement agencies, except as might be allowed under state or federal law. Any misuse of the access to the CHRI records or the record information maintained by the BCI will result in the immediate denial of security access to the CHRI files. **Only the BCI may release Criminal History Record information to non-criminal justice entities.**

It will be the primary administrator's responsibility to ensure that all authorized users are familiar with these provisions. The Requesting Entity's primary administrator will notify the BCI immediately of any known or suspected violations of the provisions of N.D.C.C. ch. 12-60 or N.D.A.C. ch. 10-13-04 through ch. 10-13-07.

6. Termination

Any agency may terminate its participation in ND CJIS at any time by providing written notice to ND CJIS. ND CJIS may terminate any agency or user access at any time for cause. Termination of agency or user access shall not negate any agency or user obligation to treat data previously acquired from or through ND CJIS as described in this document.

7. Sanctions

Users and/or agencies which fail to conduct themselves in accordance with these policies and procedures are subject to: disconnect, with or without notice; ineligibility for ND CJIS or other services; administrative, civil, and/or criminal prosecution; and other appropriate sanctions.
