This supplement to the register (List of Certified Chemical Test Operators, July 1, 2020) shall be in effect until a new register is issued or until June 30, 2021, whichever is earlier.

For a complete history of operator certifications, please review previous year's annual Certified Chemical Test Operator Lists and Supplemental Operator Lists.

This addendum is due to a software upgrade to the Initial Alco-Sensor Training process provided by Intoximeters, Inc. Due to the upgrade, the Breath Program did not receive the officer's training certificates automatically as in the past. The Breath Program is still working with Intoximeters, Inc. to develop a new workflow to receive the training certificates at the same time as the officers.
