RE: Data Loss

Dear Attorney General Office Personnel,

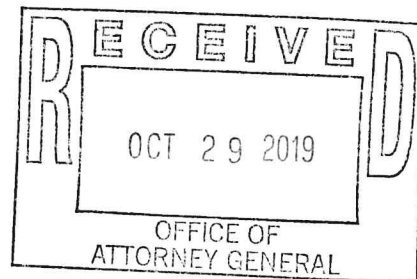

I am the owner of a tax preparation firm whose tax files/e-mail address were compromised by a Trojan that was contained in an e-mail I received.

While I have been able to recapture all of the lost data, I have been in contact with the Internal Revenue Service, to see what else they require me to do. As one of their criteria specifies that I have to contact the Attorney General's Office for all of the states I have prepared a tax return for, this is the reason for this letter.

Should there be any additional information you need from me, please advise and note the above e-mail address is my new e-mail address.

Sincerely,

Stanley Pearlman-President
