## VIA EMAIL

Attorney General Drew H. Wrigley  
Office of the Attorney General  
600 E. Boulevard Ave Dept. 125  
Bismarck, ND 58505  
ndag@nd.gov

Dear Attorney General Wrigley:

Pursuant to N.D. Cent. Code §§ 51-30-01 et seq., we write on behalf of our client, North American Rescue, LLC (“NAR” or the “Company”), to notify you of a data security incident involving approximately six (6) North Dakota residents.

## **IDENTIFICATION OF PARTIES**

The entity that experienced the incident is NAR, a South Carolina business with an e-commerce website that sells medical products to military, civilian law enforcement, EMS, and other first responders. NAR is located at 35 Tedwall Court, Greer, SC 29650.

## **NATURE OF THE DATA SECURITY INCIDENT**

On or about April 28, 2022, NAR discovered what appeared to be malicious code on the e-commerce website used by NAR’s customers for purchases. The Company removed the malicious code and began an investigation to understand the scope of the incident with an outside forensic firm. Subsequently, in May, evidence found during the forensic investigation indicated that the website was compromised by malicious code from approximately April 2, 2022, until April 28, 2022. The investigation indicated that the malicious code was used to acquire without

authorization certain purchase information, including customer names, credit card numbers and expiration dates, and contact information.

Also in May, NAR determined that the information obtained without authorization may have included information of approximately six (6) North Dakota residents.

### **NUMBER OF INDIVIDUALS AFFECTED**

**ND residents:**            six (6)

Notification was sent on June 9, 2022 to these North Dakota residents via written notice by U.S. mail. Notice has not been delayed due to a law enforcement investigation. A sample copy of the notice is attached hereto.

### **STEPS NAR HAS TAKEN OR PLANS TO TAKE RELATING TO THE INCIDENT**

NAR has taken a number of steps necessary to address the incident, further secure its information technology systems, and enhance its cybersecurity posture. Upon discovery of the incident, the Company's cybersecurity team and outside forensic firm conducted a forensic investigation to identify and remove the malicious file, to confirm that no other company systems were impacted, and to better understand the nature of the event. NAR has also enhanced its ability to scan for viruses and malware and to protect and limit access to customer data, and has reset relevant passwords. NAR will continue to work to improve its cyber resiliency to better address the risk of incidents like this one.

### **CREDIT MONITORING**

NAR is offering 24 months of identity theft and credit monitoring services to the affected North Dakota residents free of charge. A sample of the letter sent to affected residents offering these services is attached hereto. A description of the services is available here: <https://www.experianidworks.com>.

### **CONTACT INFORMATION**

You may contact me at 212-225-2690 or [jkolodner@cgsh.com](mailto:jkolodner@cgsh.com), or my colleague Anthony M. Shults at 212-225-2693 or [ashults@cgsh.com](mailto:ashults@cgsh.com), should you have any questions or need further information.

**RE: Notice of Data Breach**  
**Please read this entire letter.**

We write to inform you, as a customer of North American Rescue, LLC (“NAR”), of a data security incident potentially involving some of your personal information and/or your organization’s information. We take the protection of your information very seriously, and we are contacting you directly to explain the circumstances of the incident and the steps we and our vendor are taking in response.

**What Happened?**

On April 28, 2022, we discovered what appeared to be a malicious file on the e-commerce website used by NAR’s customers for purchases. We began an investigation to understand the scope of the incident and removed the malicious file. Upon discovery of the incident, our cybersecurity team immediately took a series of actions, including a forensic investigation to identify and remove the malicious file, to confirm that no other company systems were impacted, and to better understand the nature of the event.

### What You Can Do:

- Be on the alert for suspicious activity related to your accounts, credit report and financial products. We cannot exclude the possibility that third parties may attempt to use some of your personal information for financial gain.
- If you suspect an incident of identity theft has occurred, find suspicious activity on your credit reports or have reason to believe your information is being misused, file a police report and/or contact a major credit bureau, other local law enforcement, your state attorney general, or the Federal Trade Commission. Get a copy of any report as you may need it to clear up any fraudulent debts.
- Call one of the major credit bureaus listed below to place a fraud alert on your credit file. A fraud alert tells creditors to contact you before they open any new accounts or change your existing accounts. As soon as one credit bureau confirms your fraud alert, the others are notified to place fraud alerts. The initial fraud alert stays on your credit report for 90 days. You can renew it after 90 days. You can obtain further information about fraud alerts and security freezes from the credit bureaus.
- You may also place a security freeze on your credit reports, free of charge. A security freeze generally requires submitting to the credit bureau your full name, address (including past addresses within the last five years), proof of current address, a legible photocopy of a government issued identification card, social security number, and date of birth. If you are a victim of identity theft, include a copy of either the police report, investigative report, or complaint to a law enforcement agency concerning identity theft. A security freeze prohibits a credit reporting agency from releasing any information from a consumer's credit report without written authorization. However, please be aware that placing a security freeze on your credit report may delay, interfere with, or prevent the timely approval of any requests you make for new loans, credit mortgages, employment, housing or other services. Under federal law, you cannot be charged to place, lift, or remove a security freeze. You must place your request for a freeze with each of the three major consumer reporting agencies: Equifax ([www.equifax.com](http://www.equifax.com)); Experian ([www.experian.com](http://www.experian.com)); and TransUnion ([www.transunion.com](http://www.transunion.com)). To place a security freeze on your credit report, you may send a written request by regular, certified or overnight mail at the addresses below. You may also place a security freeze through each of the consumer reporting agencies' websites or over the phone, using the contact information below:
  - Equifax, P.O. Box 740241, Atlanta, GA 30348: [equifax.com](http://equifax.com) or 1-800-525-6285
  - Experian, P.O. Box 4500, Allen, TX 75013: [experian.com](http://experian.com) or 1-888-397-3742
  - TransUnion, P.O. Box 2000 Chester, PA 19022: [transunion.com](http://transunion.com) or 1-800-680-7289
- We also recommend you periodically request that credit reports from all available major credit bureaus be sent to you, free of charge, for your review. Checking your credit reports periodically can help you spot problems and address them quickly. You may obtain a copy of your credit report, free of charge, once every 12 months from each of the three nationwide credit reporting agencies. To order your annual free credit report, please visit [www.annualcreditreport.com](http://www.annualcreditreport.com) or call toll free at 1-877-322-8228.
- You can obtain additional information about preventing identify theft, fraud alerts and security freezes from the Federal Trade Commission ("FTC"), 600 Pennsylvania Avenue, NW, Washington, DC 20580: 877-382-4357, <https://www.consumer.ftc.gov/topics/identity-theft>. You also have rights under the federal Fair Credit Reporting Act, which promotes the accuracy, fairness, and privacy of information in the files of consumer reporting agencies. The FTC has published a list of the primary rights created by the FCRA at <https://www.consumer.ftc.gov/articles/pdf-0096-fair-credit-reporting-act.pdf>.
