## Statement of Warranty

### New Product Warranty

CMI Inc. warrants that each new product will be free from defects in material and workmanship, under normal use and service, for a period of one year from the date of invoice to the initial purchaser. CMI's obligation is limited to repairing or replacing, as CMI may elect, any part or parts of such product, which CMI determines to be defective in material or workmanship. Warranty repairs will be performed at the factory or at a factory authorized service center.

The product, or part of the product, considered to be covered by the conditions of this warranty shall be returned, freight prepaid, in its original shipping container or similar protective container, to the factory, only after receipt of a Returned Material Authorization number from CMI. The repaired or replacement part or product will be returned from CMI or the authorized service center, freight prepaid.

Warranty coverage extends only to the original purchaser and does not include abuse, misuse, cables, switches or use of the product for other than its intended purpose. This warranty also does not apply if the product is adversely affected by attaching any feature or device to it, or is in any way tampered with or modified, without expressed written permission from CMI, Inc.

### Repaired Product Warranty

Out of warranty product repairs are warranted for 90 days from the date of repair. This includes labor and those parts, which are replaced. If additional repair is required within the 90-day periods, there will be a charge for any parts that were not originally replaced. Repairs made during this 90-day period that are unrelated to the original repair are not covered under the warranty.

-----

There are no warranties expressed or implied, including but not limited to, other than those contained in this warranty. In no event shall CMI be liable for any loss of profits or any indirect or consequential damages arising out of any such defect in material or workmanship.
