

How To Spot a Scam

If you hear...

“Act Now”

“Only say
what I tell
you to say”

“Don’t trust
anyone,
they may be
in on it”

“Don’t hang
up”

“Do [this] or
you will be
arrested”

...It’s a SCAM!

“Move your
money to
protect it”

“Withdraw
cash and
take it to...”

“Buy a gift
card”

“Put your money
in a special
(cryptocurrency)
ATM to protect it”

Scammers can be sophisticated. They act like they are trying to help protect you. However, they lie to get you to move your money into their hands.

If you see or hear any version of these phrases, YOU HAVE SPOTTED A SCAMMER! Hang up, delete the email, stop texting, and block their number. Tell someone you trust immediately.
