LEGISLATIVE AMENDMENTS

The 68th Legislative Assembly followed the recommendations from the 2019-2020 Report and amended the civil asset forfeiture reporting requirements to remove duplicative requirements and make the reporting less burdensome on local law enforcement, while requiring additional information be included in the civil asset forfeiture judgments. These changes took effect on August 1, 2021.

As a result, beginning with the report for the fiscal year 2021-2022, civil asset forfeiture report forms submitted by local law enforcement agencies and the narcotics tasks forces will be included as part of the annual report issued by this agency.

SUMMARY INFORMATION

Judicial Districts

The state has eight judicial districts each comprised of several counties. Each county has a two-digit county code, assigned alphabetically. When a civil asset forfeiture case is filed, it is assigned a case number consisting of the two-digit county code, the year, CV (to designate that it is a civil case), and a unique five-digit case number.
